

Insure Your Orthoses

SHIELD insurance assures you get the full value from your custom made foot orthoses, be it in repairing or replacing your devices.

Total Refurbishment

Orthoses wear at varying rates depending on use. Over time devices may need refurbishment, which involves rebuilding them to their original specification. SHIELD entitles your orthoses to two full refurbishments.

Loss, Damage & Theft

Scans of your feet are stored digitally, allowing quick and accurate replacement. SHIELD entitles you to one significantly discounted replacement.

Discount Plan

With SHIELD, patients are entitled to a 25% discount on any new devices from the original scan/casting.

To avail of any of the above, contact your practitioner. And ensure to take out your SHIELD policy (and pay) within 30 days, as it can not be backdated.

Each policy covers one pair of devices

Payment Options

Phone

UK 020 3355 0997 ROI 071 91 49494

Bank Transfer
